Re-match

Many things you use can be recycled into something else. Can you match the items in row 1 to what they can become in row 2?

Let's see!

Race to recycle

Match each item with the bin it belongs in.
See how many you can get right!

Write down which ones you were unsure about and discuss with your parents or teacher.

For answers, parents should visit DexKnows.com/Green/education46_answers.com or contact your recycling provider for specific recycling guidelines.
